Product Overview

The Excel Series of Connection Boxes offer increased pair capacity while maintaining an industry standard footprint. The stainless steel backmount frame verticals support 237 style connection strips giving a normal capacity of 340, 690, and 1020 pairs depending on the model (237 style connection strips not included). The door opens through 180° for ease of access, it can be removed entirely using quick release hinges and is easily reversed for left-right opening applications.
